It's more of a creative mindset: "OK, now you need to modify it for the PS4's hardware." "However, because the mod is so well built, there are literally thousands of fans who want to keep it exactly as is. People are looking for something that is correct, and also makes sense. That is a huge part of what we're trying to do. While I'm not going to say that we're not going to stray away from that as we go on, it's always going to be a balance between the real fan base and doing something that makes sense. The end result is that we try to make sure we're creating the greatest experience as we can." Since we're on the topic of fan-made mods, here's what he had to say about it: "So, for example, there's the Battlegrounds mod, which is built upon the idea that it was a multiplayer shooter. It's not an MP simulation, it's a shooter. Therefore, we could work in map, weapon, and character changes, but we want it to feel like it is in a Battle Royale environment. So when you want to pick up a tank, you have to go to the garage. When you want to pick up a character, you can go to the dressing room, and you can change his look and color. You can even change his size if you want to, so you can go into the beta and make it look exactly how you want. It's the same with weapons; you could add all new weapons, make them look different. It's up to you, and you can do whatever you want." "What people have been surprised about is the new assets. People were like, 'oh, now we have to do [the] beach. Now we have to do the ruins.' No, because we have all of this new content, and a new map, and all of this. You can spend the time to go and do it for yourself. We're not going to hold your hand and tell you what to do." "And we don't want to make it look like it's a level from a previous game. We don't want to be, 'Oh, that looks like it's from Battlefield 1943.' No, it should be like 'Hello, I'm new to this battlefield,' and there are some assets from Battlefield 1, but you're not going to recognize those assets. Because we have the ability to change some of 82157476af
